

Historic and Botanic
Garden Bursary Scheme

JOB DESCRIPTION & PERSON SPECIFICATION

- Title:** Trainee Gardener – 1 year contract
Historic & Botanic Garden Training Programme (HBGTP)
- Department:** Host garden
- Location:** To be confirmed
- Team:** Dependent on location
- Pay band:** According to local agreement, with a salary of no less than the National Minimum Wage
- Status:** Fixed Term (12 months)
- Reports to:** Head Gardener and the HBGTP

The Challenge

The HBGTP are offering a unique opportunity to gain practical experience within an historic garden. The HBGTP trainee will receive on-site training and mentoring. Working alongside professional gardeners, the trainee will gain practical skills training. The trainee will be fully funded to attend the HBGTP Trainee Seminar and a Study Tour.

Each trainee completes a Work-based Training Plan. The trainee is expected to maintain a technical diary, complete 3-4 research projects, and take part in regular plant identification tests.

Overall purpose of the post

To undertake a range of practical skills and activities that will increase the skills and practical ability of the trainee.

To assist in the provision of efficient, high quality, skilled maintenance of the garden and grounds at a selected property, as directed by the Head Gardener, and linked to a Training Plan of work objectives.

To maximise the training resource offered by the HBGTP and the host garden.

Main responsibilities and duties at the host garden

Through direct hands-on experience, to efficiently learn and assist in the practice of skilled garden maintenance as directed in the following areas:

- Compliance with procedures to manage risk to the trainee, the team, volunteers, visitors and contractors

- Seasonal maintenance of flower, shrub, kitchen gardens, woodland gardens and parks, with specialised historic and botanic plant collections, including trees, hedges, shrubs, roses, wall trained fruit trees, climbers, herbaceous plants and annuals
- Planting
- Propagation, plant production and maintenance under glass
- General maintenance of all glasshouses, frames and polytunnels
- Fruit, vegetable and cut flower cultivation
- Formative, seasonal and restorative pruning of deciduous and evergreen trees, shrubs, climbers and hedges
- Use and maintenance of garden machinery including mowers, strimmers, tractor and trailers
- Turf maintenance
- Weed control, pest and disease control, and the appropriate, timely and safe use of pesticides, as directed
- Optimum use of composting systems
- Maintenance of paths, gates and other hard landscaping

Other:

1. To develop a working knowledge and broad familiarity with the majority of plants within the garden
2. To develop an understanding of the garden's history and plant collections, and to understand the garden's role in garden conservation
3. To understand and encourage, where possible and appropriate, the diversity of wildlife within the garden to ensure optimum care, in line with the directives of the management plan
4. To treat members of the public with courtesy and to encourage their interest in the garden
5. To assist in the accurate recording and labelling of the plant collection
6. To work effectively within the garden team of the host garden and other property teams as necessary
7. To complete a daily technical journal, research projects and weekly plant identification tests in accordance with the HBGTP requirements stated in the trainee's contract (see www.hbgtp.org.uk Documents for Trainees)
